Dataminr®

ABOUT DATAMINR

Customers in
160+ COUNTRIES

Used By
600+ NEWS ROOMS

900+
Employees

Our AI platform processes information from more than 500,000 publicly available data sources and translates from 100+ languages. Improve overall awareness by receiving real-time, breaking news alerts from across the public information landscape, including: social media, blogs, information sensors, and the deep/dark web.

PRODUCTS

DATAMINR PULSE

Pulse, Dataminr's product for the private sector, provides real-time alerts of high-impact events, plus rich visual context and tools to help you collaborate—so you can protect your people, your brand and your physical and virtual assets.

FIRST ALERT
powered by Dataminr®

First Alert, Dataminr's product for the public sector, delivers real-time, breaking news alerts to help you make critical decisions with speed and confidence.

Dataminr®
FOR NEWS

Dataminr for News, our product for newsrooms, is the AI tip line that helps you find stories faster — equipping you to discover and describe with confidence the events that define a story as it breaks, evolves, and resolves.
